CRATE ASSEMBLY

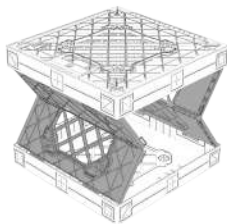

Unpack & Level

1

Remove packaging from around the crate. Place the crate on a flat, level surface with the lid side facing up.

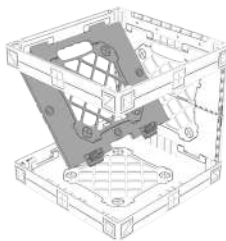

Pull Up

2

Grip the top rim of the crate on opposite sides and pull it upwards. Pull out any accessories from inside the crate.

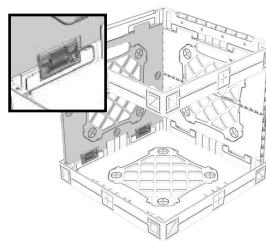

Swing Down

3

Swing down the two full side panels: Reach inside and pull down each full side panel until they are both positioned vertically.

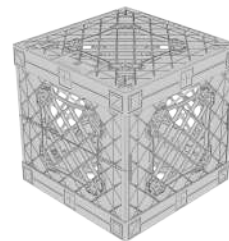

Lock Sides

4

Lock the full side panels in place: Push down on the locks on each full side panel until they snap securely.

Inspect

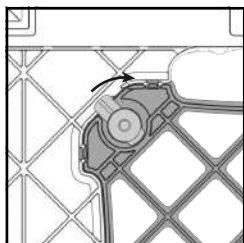

5

Ensure tabs are aligned: Make sure the tabs on the full side panels snap into the corresponding slots on the folding panels.

CLEAR PANEL ASSEMBLY

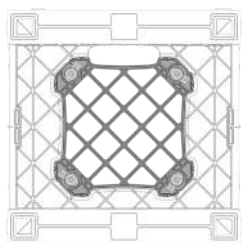

Unlock Panel

1

Place the crate on a flat, level surface. Turn each of the four panel locks a quarter turn to unlock them.

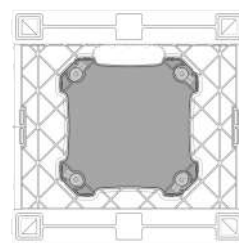

Pop Out Panel

2

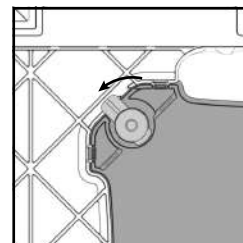

Release the panel by pushing inward on each of its four corners from the outside of the crate. This will "pop" the panel out.

Re-Secure Panel

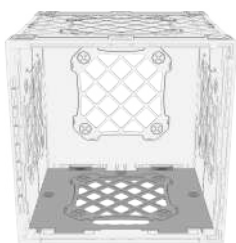

3

From the inside of the crate, push the panel back into place until it snaps securely on all sides. Turn all four panel locks back to their locked position.

CRATERAIL INSTALL

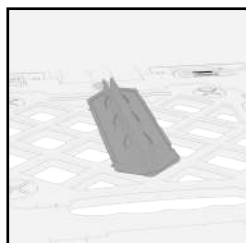

Place On Side

1

Open the lid and rotate the crate 90 degrees, positioning one full side panel flat on a hard surface.

Insert CrateRail

2

Insert the CrateRail into the side panel, ensuring both bumps on one side of the CrateRail align and fit through the openings on the panel.

Secure CrateRail

3

Use a hammer to tap each end of the CrateRail until it snaps through the panel and locks firmly into place.

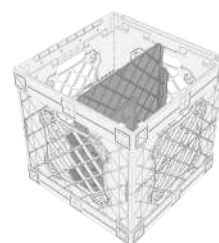

Repeat

4

Rotate the crate 180 degrees and repeat steps 2 and 3 on the other full side panel making sure both CrateRails are firmly in place.

Slide In Divider

5

Once both CrateRails are secure, slide the divider into place by guiding it through the CrateRails.
