CRATE ASSEMBLY

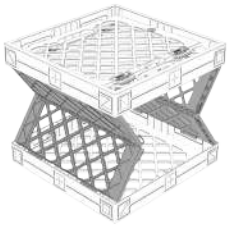

Unpack & Level

1

Remove packaging from around the crate. Place the crate on a flat, level surface with the **rim side facing up.**

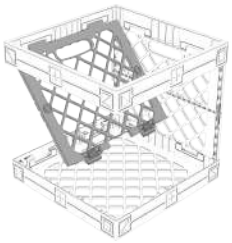

Pull Up

2

Grip the top rim of the crate on opposite sides and pull it upwards. **Pull out any accessories** from inside the crate.

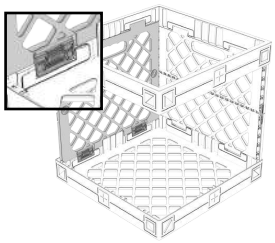

Swing Down

3

Swing down the two full side panels: Reach inside and pull down each full side panel until they are both positioned vertically.

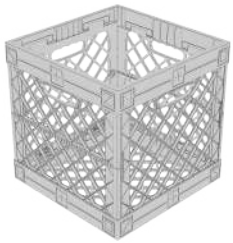

Lock Sides

4

Lock the full side panels in place: Push down on the locks on each full side panel until they snap securely.

Inspect

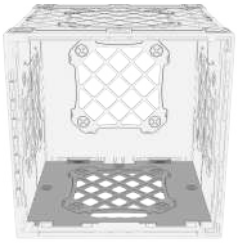

5

Ensure tabs are aligned: Make sure the tabs on the full side panels snap into the corresponding slots on the folding panels.

CRATERAIL INSTALL

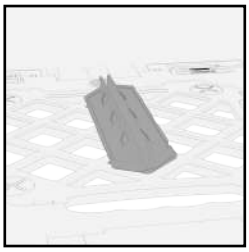

Place On Side

1

Open the lid and rotate the crate 90 degrees, positioning one full side panel flat on a hard surface.

Insert CrateRail

2

Insert the CrateRail into the side panel, ensuring both bumps on one side of the CrateRail align and fit through the openings on the panel.

Secure CrateRail

3

Use a hammer to tap each end of the CrateRail until it snaps through the panel and locks firmly into place.

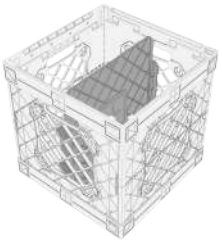

Repeat

4

Rotate the crate 180 degrees and repeat steps 2 and 3 on the other full side panel making sure both CrateRails are firmly in place.

Slide In Divider

5

Once both CrateRails are secure, **slide the divider** into place by guiding it through the CrateRails.
