CRATE ASSEMBLY

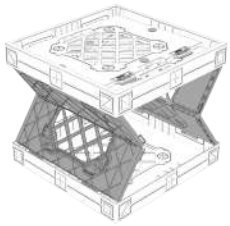

Unpack & Level

1

Remove packaging from around the crate. Place the crate on a flat, level surface with the **rim side facing up.**

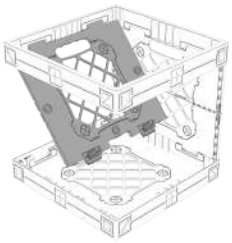

Pull Up

2

Grip the top rim of the crate on opposite sides and pull it upwards. **Pull out any accessories** from inside the crate.

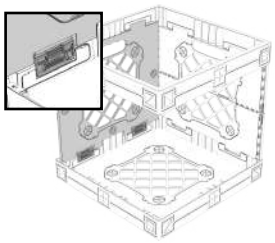

Swing Down

3

Swing down the two full side panels: Reach inside and pull down each full side panel until they are both positioned vertically.

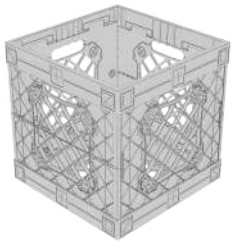

Lock Sides

4

Lock the full side panels in place: Push down on the locks on each full side panel until they snap securely.

Inspect

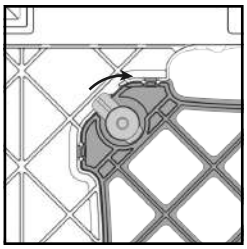

5

Ensure tabs are aligned: Make sure the tabs on the full side panels snap into the corresponding slots on the folding panels.

SIDE PANEL ASSEMBLY

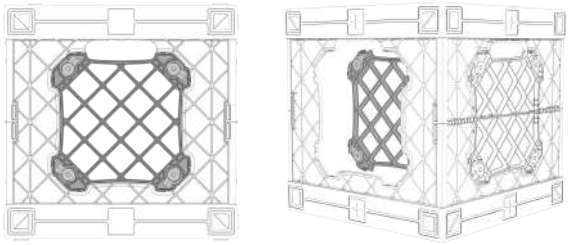

Unlock Panel

1

Place the crate on a flat, level surface. Turn each of the **four panel locks a quarter turn** to unlock them.

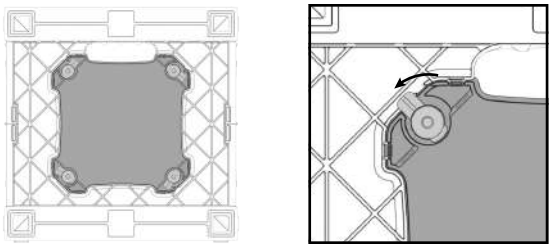

Pop Out Panel

2

Release the panel by pushing inward on each of its four corners from the outside of the crate. This will "pop" the panel out.

Re-Secure Panel

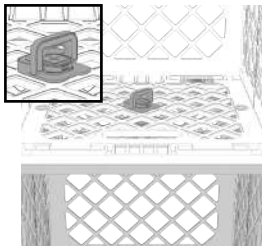

3

From the inside of the crate, push the panel back into place until it snaps securely on all sides. Turn all four panel locks back to their locked position.

CRATE CONNECTORS

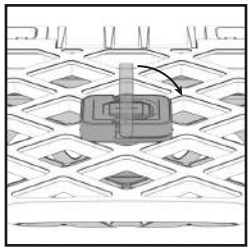

Insert D-Ring

1

Stack one crate on top of another. Insert the D-Ring Connector **through the matching grid openings** on both crates.

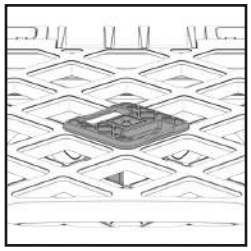

Rotate & Fold

2

Rotate the handle 45° to lock the crates together, then fold the handle down flat.

Snap-Fit Connect

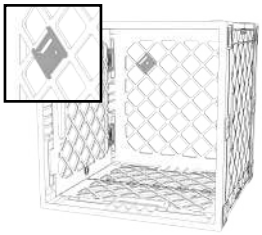

1

Stack the crates and align the grid openings. Press the Snap-Fit Connector **through both crates** until it snaps into place.

WALL MOUNTING

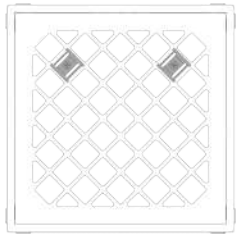

Insert & Mark

1

Snap the Screw Clip into an **inside grid opening and mark the wall** through the screw hole.

Screw Into Wall

2

Remove the crate, **install anchors**, then reposition the crate and **screw through the clip to secure.**
